Boston's greatest shortest race is back!

Join us on Thursday, April 16, 2026, at Jamaica Pond for 826 Boston's annual 0.826-mile marathon. Run, walk, hop, or wheel through this race and help raise critical funds for 826 Boston's writing, tutoring, and publishing programs, offered FREE to more than 3,000 Boston students and their families.

Why is it a 0.826-mile marathon?

Take the length of a full marathon (26.2 miles) and divide in half, and then in half again, and then in half again, and then in half just one more time, you'll get just a bit shy of 0.826 miles. Go ahead, check it.
